
Title: Ricardo's Research 10

Author: Ricardo.

I have determined that
the object I need is one
of three: Lord British's
crown, his scepter, or his
cape.

However, I have decided
not to pursue me
research further. Some
things be best left lost.

I have recently learned of
a valuable item in the
possession of the
ophidians. This be an item
that will allow me to
retire to the kind of life
I would like to become
accustomed to. I might
even be able to buy into
the nobility!

For now, and perhaps
forever, me research will
remain safely hidden under
these magical nodes.
